Computer Science Project Weekly Progress Report

Surname	Tharayil Reghunadhan
Given Names	Adwaith Krishna
Student ID	23341818
Master/Major	Master of Computing (Cyber Security)
Supervisor	-
Project Title	Network Intrusion Detection System
Group Number	7
Reporting Week	**Week 4 From 13/03/2026 To 19/03/2026**

What is your own assessment of your progress this week?

Excellent	Good	Fair	Poor	No Progress
	(*)			

Breakdown of the time spent on the project for this reporting week (add more rows if needed). If you are part of a team, be specific to what you actually did.

Activity	**Number of hours (indicative)**
Reviewing NIDS project requirements and understanding how packet capture fits into the overall system	3
Researching Wireshark and Scapy features for traffic monitoring and analysing which tool is more suitable for the project workflow	4
Organising notes on possible attack traffic patterns and how captured data may later support intrusion detection	2
TOTAL	9

Note that as per the unit outline, you are expected to spend at least 8 quality hours per week on this project unit, very much like any 25-credit unit you are studying.

Highlights of the achievements made this week:

- Highlight 1: Improved understanding of how packet capture supports the NIDS pipeline.
- Highlight 2: Contributed to the team's pitch preparation and project direction discussion.

Further detail to report to your supervisor, please include any concerns you may have:
